## **ART MASTERS IS BACK**

We are excited to announce that Art Masters is back!

For those of you new to Oso, Art Masters is the program we use to provide art

education and instruction in compliance with the California Content Standards for Visual Arts which is 100% PTA funded. It introduces the students to history and culture as shown through various master artists. The students listen to a lecture learning about the history of the artist and the art style used. The students then participate in an art lesson lead by an Art Masters trained teacher, applying the

same techniques that they learned about unique to the artist. It's a very exciting hands-on lesson that all the students look forward to.

This year we will be learning about six different artists including: Ancient Americas, Native American, Raffael, African Legacy, Lichtenstein & Wright.
